GitHub | LinkedIn | LeetCode

Professional Summary

Third-year B.Tech CSE student with an 8.8/10 CGPA, strong C++ and Data Structures Algorithms foundation, and 200+ LeetCode problems solved. Experienced in developing and deploying full-stack applications, including FAM WHEEL. Passionate about problem-solving, software development, and building scalable real-world solutions.

Skills

Languages: C++, C, Python, JavaScript

Web Technologies: HTML, CSS, JavaScript, React, Node.js

Databases: MySQL, PostgreSQL

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Tools & Platforms: Git, GitHub, Render, Google Cloud Platform

Projects

FAM WHEEL

Oct 2024 – Present

Full-Stack Agricultural Marketplace | GitHub | Live Demo

- Developed and deployed a full-stack agricultural marketplace integrating frontend, backend services, and relational database to connect farmers, buyers, and transport providers.
- Implemented marketplace workflows enabling product listings, farmer discovery, and transportation coordination to reduce middleman dependency.
- Deployed frontend, backend, and database using Render for production-ready availability and scalability.

Quiz Arena

Jan 2026 – Apr 2026

Python & Tkinter Quiz Application

- Built Python-based quiz application using Tkinter GUI framework covering C++, Java, Python, and Data Structures & Algorithms topics.
- Implemented user authentication, timed quiz mechanics, automated scoring, and result tracking with SQLite database integration.
- Designed topic-wise quiz modules with persistent data storage and session management for progress tracking.

Achievements

- Solved 200+ Data Structures & Algorithms problems on LeetCode, demonstrating strong problem-solving and algorithmic proficiency.
- Cleared Round 1 among 150+ teams in Think Batter competitive project challenge as part of Team Think Net.
- Participated in College Rivals September 2024 qualifiers representing JECRC University.

Certifications

Decode C++ with DSA – Physics Wallah

20 May 2026

Google Cloud Career Launchpad: Computing Foundations – Google Cloud

16 Mar 2026

Leadership & Volunteering

- Volunteer at JECRC Rhythm 2025; Event coordinator for BGMI LAN event involving participant data management.
- Collaborated with student teams to coordinate college events, manage participant information, and ensure smooth execution of event activities.

Education

JECRC University

2024–2028

B.Tech in Computer Science & Engineering

3rd Year

CGPA: 8.80 / 10

Vidhya Vihar Senior Secondary School

2024

Senior Secondary (Class XII) – RBSE

Percentage: 81%
